- View in an organized list by case number and client name
- Share files to an email address (ex: paralegal download for retention)
- View the case file for a limited period of time (90 days)
 - Expired cases are only available by requesting a download link from prosecutor's office (like current sharing process)

See the [Axon product page](#) for more information

Disclaimers

1. Long term retention and storage of any case evidence is the responsibility of the individual attorney.
2. Review of evidence directly on the disclosure portal with a client is not recommended as counsel only material may be visible.
3. Presentation of evidence in court directly from the disclosure portal not recommended as internet connectivity in court is unpredictable and visibility of other files not used in trial may happen.
